Usvojili smo najnovije standarde zaštite životne sredine. Veliki deo naših proizvoda izradujemo od reciklirane sirovine i na taj način uspešno konkurišemo na sve većem tržištu. Tokom 40 godina poslovanja uspeali smo da postavimo standard za kvalitet proizvoda koji su traženi i poznati širom Francuske, Poljske, Italije, Grčke, Danske, Hrvatske, Bosne i Hercegovine, Slovenije, Austrije, Irske, Nemačke, Crne Gore, Mađarske i Švajcarske.

We have adopted the latest environmental protection standards. We make a large part of our products from recycled raw materials, and in this way we successfully compete in an increasingly large market. During 40 years of business, we managed to set a standard for the quality of products that are sought after and known throughout France, Poland, Italy, Greece, Denmark, Croatia, Bosnia and Herzegovina, Slovenia, Austria, Ireland, Germany, Montenegro, Hungary and Switzerland.

A close-up photograph of an industrial manufacturing process. A robotic arm with a white, textured gripper is positioned over a glowing orange and red furnace. The furnace contains a bright, molten metal handle. The scene is dimly lit, with the primary light source being the intense heat of the furnace. The text 'Metalne ručke' is overlaid in white, with 'Metal handle' in a smaller font below it.

A photograph of an industrial factory floor. The scene is filled with various pieces of machinery, including a large yellow safety barrier in the foreground, a metal table on the left, and a complex assembly of pipes and cables overhead. The lighting is bright, and the overall atmosphere is one of a busy manufacturing environment.
